

## PMA LEARNING CHALLENGE

### TERM 2, WEEK ONE

Welcome back to Term 2!

Masks are the go again for the first few weeks of term 2...  
**CHOOSE A QUESTION (OR MORE), INVESTIGATE and THEN  
SHARE YOUR THEORIES AND JUSTIFICATIONS WITH US** 😊

***How many masks do you think have been used so far this year:***

- In your learning space?
  - In your school?
- Across the State in schools?

***How much fabric or string would have been used to make the masks*** used in your learning space or school or across the state?

What's the ***smallest piece of fabric*** you can use to adequately cover your mouth and nose?

***Design a linear pattern to go on a mask that uses a "unit of repeat" that has at least four items in it. Share your "unit of repeat" and tell us how many terms will fit on a mask.***
